Course Description

SLPs and audiologists encounter different supervisors and [mentors](#) along their career journey. This session describes four career stages: Pre-service, Early Career, Mid-Career, and Seasoned Professional and recommends best practices for supervision and mentoring. One style or approach to supervision or mentoring does not fit all stages and work settings! This session shares unique strategies designed to shape goals, build expertise, promote professionalism, and lead to quality services while considering the supervisee's or mentee's career stage.

Instructional Level: Intermediate

Learner Outcomes

At the end of this presentation, attendees will be able to:

1. List the key elements of MTSS and two ways it impacts SLP service delivery in schools.
2. Identify the stage of development of MTSS in my district based on three indicators presented.
3. Specify three steps you will take to increase interprofessional practice in your program.

About the Speaker: Jean Blosser is passionate about creating innovative systems in schools to ensure collaborative, educationally relevant, outcomes-based services. Her unique approach is shared in her consulting, workshops, and publications such as *School Programs in Speech-Language Pathology: Organization and Service Delivery* (2019) and *Pediatric Brain Injury: Proactive Intervention* (2019).
