Building the Supervisory Relationship: Going Beyond Rules and Regulations

Friday, March 12, 2021

This session is being offered for 3 SLPAHADB Credits

Authors: Sally Christian, SLP.D, San Diego Unified School District
Jena McWaters, M.A., San Diego Unified School District

Course Description: Establishing a positive and effective working alliance is essential in a supervisory relationship. This holds true for our work with SLPAs, RPE/CF and student interns. Join us for a helpful discussion that will unpack the nuances of building a strong working alliance, including managing conflict and potential ethical pitfalls. Go beyond rules and regulations as we equip ourselves to make the supervisory experience one that is growth-producing for both mentor/supervisor and mentee/supervisee.

Speaker Bio: Sally Christian is a speech-language pathologist in the San Diego Unified School District. She is passionate about supporting and mentoring the next generation of SLPs and moving our profession forward with evidence-based practices that improve our effectiveness in service to children and their families. Jena is a senior speech-language pathologist with San Diego Unified School District. The years spent as a mentor/supervisor have been some of the most growth-producing years of her career. Learning how to mentor well is essential for creating positive working relationships that run deep and last beyond the supervisory experience.
